

Section 4C - FAMILY HISTORY - III

Now I would like to ask about whether any of your relatives, regardless of whether or not they are now living, have ever been depressed for a period of **AT LEAST 2 WEEKS**.

(SHOW FLASHCARD 44)

By depressed I mean they felt down, sad, blue or didn't care about things and also ate or slept too little or too much, moved more slowly than usual, were tired or agitated, had trouble concentrating, making decisions or doing things, or felt worthless or thought about suicide.
